Description

One of a Kind is what best describes this wonderful home located in a rather quiet and picturesque area of Puerto Vallarta. Built on the north side of the Rio Cuale, within walking distance to the Isla Cuale, and gourmet restaurants such as Casa Kimberly & Hacienda San Angel. Casa Cuale was designed by Guillermo Wulff, one of the most renowned architects of the golden era in the early developing in Puerto Vallarta. Its current owner updated the existing conditions of the home which still holds its original glamour and style. Charming kitchen and traditional Mexican décor provide a cozy ambience to the house, which opens to a welcoming patio with covered and uncovered spaces where you can admire the river below, the city and surrounding jungle.
