### Description

This 2 bed/2 bath fixer upper home sits on the top a small hill in the tranquil neighborhood of Agua Azul, between the streets of Rio Santiago and Rio Tibet. Thanks to its unique and strategic location you can access the property from both streets. However, the ultimate highlight of the property is definitely its city and ocean view, something you won't find anywhere for this price. It's the perfect opportunity for those who're looking to renovate or build their dream project as the lot has unused space that can be excavated to build up on it. Please keep in mind there are quite a lot of stairs to access it. Press more... for the description in Spanish.
