Description

With a private entry nestled in the manicured gardens of historic Puesta Del Sol, this condo has the touches and textures of " Mexico ". It's actually 2 condos that have been joined and reconfigured creating a large sun filled living area opening to the wide garden framed terrace with a view to the bay ! The second bedroom suite can be accessed by its own entry . Because the space has been reconfigured, this condo feels like a " home" and is a good option for full time living as well as an excellent option for generating income.
